INDOOR

The indoor shooting continues at Southfields Sports Centre (map available from the website). The last indoor shoot will be Friday 26th March.

COLD WEATHER

During the cold weather we suffered another burst pipe in the clubhouse. Can everyone please remember to turn off the water when leaving and leave all taps open.

OPEN DAY

The club's open day will take place on Bank Holiday Monday 3rd May 2010. We'll be looking for as many members as possible to come and help out, whether that's helping people try archery, showing off your skills, or just having a chat with people waiting. If you're free that day but don't feel you know enough to help fresh faces out then please contact Richard Hennessy, he'll be happy to advise you.

With this newsletter you should find a poster to advertise the open day. If you know of anywhere you can stick it then please do so!

WEBSITE

If you've not visited the website before then please take a look. I've now included a feed from the GNAS website to make it easier for you to keep up-to-date with their latest news, as well as making our front page available as an RSS feed.

In the near future I'll be introducing a member's area to the site which will include more reference material than is currently available – things like the constitution and meeting minutes. Basically it'll include anything that we want club members to see, but not the rest of the world. I need the next version of the site software before I can start the section, but it should be available soon.

As ever, if you have any ideas then please let me know!

AGM

Also enclosed with the newsletter is the AGM notification (not long to go now). I hope to see you all there, and please note the deadlines should you wish to submit anything in time for the AGM, or stand for any of the positions.

Whilst we're perfectly happy to take questions during the AGM as usual, should you have any questions that you know you wish to direct towards a specific person please feel free to contact them in advance and advise them. Hopefully you'll get a better answer as they'll have time to find any relevant information needed.

That's all for this time,

Mark
